

# Call for Demonstrator Applications

The University of Szeged, Faculty of Engineering's **Institute of Food Engineering**, in collaboration with **Prof. Dr Diána Bánáti**, announces the following call for applications for the position of demonstrator for the **second semester of the 2025/26 academic year** (a total of **3 position/s available**).

## Responsibilities of the Demonstrator:

Participation in one of the following activities:

- 1) „The Impact of Food Waste on Global Food Security”: data collection on the amount of food waste produced by industry and consumers world-wide.
- 2) „Reduction of Food Waste by the Means of Artificial Intelligence Applications”: information and exploring AI application opportunities.
- 3) “Consumer Trust and Acceptance of Artificial Intelligence Applications in the Hungarian Food Sector”: study the potential of digital transformation of the food sector and explore consumer acceptance.

The demonstrator position is valid for one semester, ending on the last day of the exam period. Volunteer demonstrators are not entitled to remuneration; however, demonstrator activities' successful completion is worth **2 credits** and provide additional points in the ranking process for the **National Higher Education Scholarship**.

## Application Requirements:

- **Eligible applicants:** Foreign students at Food Engineering MSc (preferably in their 2<sup>nd</sup> year)
- The application must include:
  - A Europass-format CV with a photo
  - A motivation letter
  - The completed application form attached to this call
- A document verifying the applicant's academic average from the **previous two semesters (downloaded from Neptun)** must also be attached.

## Application Deadline:

**Friday, 02/20/2026, 10 am**

**Location:** Secretariat of the Institute
